Silver Buds - Loose tea (0.250)

90°C

3/4 minutes

Region : Ceylon

Process : "Orthodox white tea"

White tea harvested by hand from high altitude tea bushes selected for their considerable pubescence. Gentle drying in the morning sun for a week preserves the silvery buds intact, and helps develop the fragrance of this tea, with its mix of flowery clover and mock orange notes with those of yellow orchard fruits. A unique experience

SRI LANKA
